

ANGEL AFFIRMATIONS

I AM (my name) and I AM ready to remember all that I have forgotten. Who I am, why I am here, and what I am to do next. I AM READY TO SERVE THE LIGHT! My eyes are fully open to my unique role in this beautiful world.

I AM (my name) and I AM confident and secure in the new direction of my life. I pursue it eagerly and with anticipation of tremendous success. All veils drop away, because I AM READY NOW!

I AM (my name) and I walk through the door of clarity. I leave behind all confusion about who I AM, or what I AM to do next. I choose my actions with confidence. I move forward with courage. And I will always remember the power that walks beside me.

I AM (my name) and I AM committed to speak the language of TRUTH and JUSTICE and HARMONY at all times. The language of harmony is the true energy of healing. I speak as God would have me speak; with kindness, strength and awareness of the Divine Plan.

I AM (my name) and I AM determined to overcome any procrastination that distracts me from my purpose. I AM committed to purposeful, direct action in accord with the laws of my destiny at all times. I MOVE FORWARD NOW with no hesitation!

I believe in God, Spirit, The Creator...
I believe in God's messengers, the Angels...

I believe Angels were created, by God, to help us and to assist us in our daily bread, our day.

Spoken out loud, Angel Affirmations create a space, a place for you and me, to make a conscience decision to allow our soul and God's light energy to connect. The purpose is for guidance to help you and me to fulfill our divine life path. At any given moment, WE are indeed a crowd. We are never alone.

I ALLOW the Divine Energies of God and the Angels to bring in my Gifts of Abundance and accept Their guidance and love as I move forward in my life path.

I ALLOW is a statement of responsibility for one's self. When saying it out loud verbally, you create a space for your soul and your higher self to connect and form a pathway for communication. A pathway for affirmation's to help assist you in your daily bread.

HELPFUL HINT IN ASKING FOR WHAT YOU WANT FROM THE ANGELS

Clear your mind and be in the moment before you ask out loud your request from your angels.

For instance, if you'd like to know whether you're getting a raise at work, but deep inside you really want to quit your position and become self-employed, the angels will address your true wishes. You must be completely and totally honest about your intentions and motivations when speaking to the angels. You will get what you asked for.
